Price	1,19 €

All CP60 boxes have an instant bottom and they are double self-sealing, which enables easy product return for your customer

A box in the CP69 series has won the World Star Award 2013 prize for its excellent innovations. The box is ready to be used in three seconds, which makes the packaging process significantly more effective, thus saving time and money. No extra tape needed. The product includes a tear open strip and easy second self-sealing for return shipping and product return, which make the package easier for your customer to use. The guard on the side of the box ensures that no product is removed from the box.
